

is accredited as a QUALIFIED ENTITY since 2006

according to Article 3 of Regulation (EC) No 550/2004 as amended by Regulation (EC) No 1070/2009, and Article 69 of Regulation (EU) 2018/1139.

Qualified Entity

APAC as a QUALIFIED ENTITY might be:

- delegated by the national supervisory authorities to organise proper inspections, audits and surveys to verify compliance with the requirements of Regulation (EC) No 550/2004 as amended by Regulation (EC) No 1070/2009, including human resources requirements for the provision of air navigation services;
- mandated by the European Union Aviation Safety Agency and the national competent authorities with their tasks related to certification and oversight under Regulation (EU) 2018/1139.

APAC is recognised as a qualified entity for the majority of air traffic management and air navigation services provided under Implementing Regulation (EU) 2017/373.

APAC has a wide range of experience in the implementation of common requirements (Impl. Reg. (EU) 2017/373).

APAC can provide/support the **service providers** with:

- preparation for audits by the competent authorities, EASA, ICAO
- review of management systems incl. processes, working methods and operating procedures
- establishing regulation-compliant processes
- identification of non-conformances
- supporting removal of non-conformances
- auditing suppliers for regulative and standard compliance

APAC with its team of experts provided a wide range of services as Qualified Entity since 2006. **APAC** supported not only the competent authorities but also prepared many service providers for certification.

APAC's experienced experts can perform audits on behalf of the **competent authorities** regarding compliance with the common requirements of Implementing Regulation (EU) 2017/373 for the following areas:

- Common Requirements for service providers
- Part-ATS - Part-MET
- Part-AIS - Part-CNS
- Part-PERS

APAC can support the competent authorities with planning their tasks, performing oversight activities, incl. review and assessment of the service providers' documentation, and elaborating reports for the performed audits.

For service providers, the involvement of **APAC** as a Qualified Entity ensures compliance with European Regulations and facilitates the certification by the competent authorities as they may consider **APAC's** reports as evidence.
